

# High School Healthcare Career Camp

## Summer 2019

### An Experience You Won't Forget

Ever wanted to know how an x-ray, ultrasound or MRI works? Learn about the injury rehabilitation process? See what a Nurse, Occupational Therapist, Surgical Tech, Phlebotomist, Sonographer, and Respiratory Therapist does on a daily basis?

Join us this summer for the Nebraska Methodist College High School Healthcare Career Camp. You'll get a firsthand look at the healthcare field through activities, labs, tours and simulations by our very own faculty, students and staff.

### You'll be able to:

- Experience college courses and talk to instructors about healthcare programs and professions
- Learn about healthcare careers you may have never known existed
- Get behind the scenes tours and interactive sessions at Nebraska Methodist Hospital, Methodist Women's Hospital, and Shared Service Systems
- Test your skills with state-of-the-art simulators: take blood pressure, learn about venipuncture, read and x-ray, scan with an ultrasound machine and more!

### Camp #1: June 17 - 20, 2019

**Time: 9:00am - 4:00pm**

Day camp, no overnight stay. Cost \$299

### Camp #2: July 15 - 18, 2019

**Time: 9:00am - 4:00pm**

Day camp, no overnight stay. Cost \$299
